

ADD-COM Dialler ADD-T11

The ADD-COM Dialler is a complete call centre solution with no more extra cords or connectors. See who's calling with a ringing LED, CLI and 12 digit display.

Connect 2 headsets to the ADD-COM Dialler, removing the need for a supervisor cord whilst offering the easy-to-use training feature in three different modes:

- A. Mute trainer only
- B. Mute agent only
- C. Mute both trainer and agent

ADD-COM Dialler ADD-T11

Take control of the call with easy to use volume controls and mute LED.
