ADD-700 Series

The ADD-700/ADD-770 Series wideband noise cancelling headset is tough, stylish and at home in intense call centre environments as well as inside some of the most sophisticated offices.

The ADD-700 Series has been designed to be lightweight which ensures low operator fatigue, allowing the headset to be worn all day, every day. Sound quality is clear and crisp with a hint of base; all generated from its wideband properties.

The use of the ADD-QD75 USB cable allows both phone and PC connection, making the ADD-700 series suitable for versatile workstation usage.

Let us know what connection method you prefer - the ADD-700 Series can be connected via a traditional telephone system, Unified Communications or alternatively it can be connected with Microsoft Lync. The choice is yours!

Microsoft Lync Compatible
